

District 12 Conference 2009

Report Submitted by:

Lou Gaspers

Service/Z Club/Golden Z

Activities since Summer Board Meeting:

- Forwarded the updated Power Point to the board, and all clubs. This email included a note to everyone to get on the ZI website to get any project updates, and to view the videos on the site regarding the Safe Cities projects. I also took this time to reiterate the importance of linking our local projects to the International projects.
- Requested project updates from Dolly Dastoor, the International Service Chair. Unfortunately, Dolly was unable to get updates from up the ladder so we had no updates to share with the clubs.
- Requested updates from clubs for their Service chairs, and asked for the proper contact information. 1 club responded.
- Forwarded Betty Edwards' information to all clubs for their 2nd annual Human Trafficking Awareness Symposium. This included an invitation to attend.
- Requested, and received Service Project reports for almost every club. I compiled basic information, and forwarded this to Dolly Dastoor to show her what our clubs are doing.
- Forward information on a fundraising idea for the movie, "Amelia". I followed up between the club who initiated this, and one of our clubs on how the process was handled.
- Reviewed service projects from each club who submitted a report. I took copies of the top 5 projects, and took these to our Zonta social. I put a voting sheet with these, and then I asked our members to vote on the project that best met the criteria.
